An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Richard Billion on June 24, 2004.

The application has been amended as follows:

Claim 1, line 5, -- relative to the housing – has been inserted after “movable”; last line, -- , wherein movement of the pin from the first position to the second position is rotary – has been inserted before the period.

Claim 4 has been canceled.

Claim 5 now depends from claim 1.

Claim 10, last line, -- , including a cam and cam follower that cooperate with the pin to rotate the pin relative to the housing from the first position to the second position – has been inserted before the period.

Claim 11 has been canceled.

Claim 12 now depends from claim 10.

Claim 15, last line, the period has been changed to a semicolon and the following paragraphs have been inserted thereafter:

-- wherein the connector further includes a mechanism that cooperates with the pin to cause the pin to move from the first position to the second position to thereby secure the connector to the circuit board;

wherein the mechanism includes a cam and a cam follower that cooperate with a pin to rotate the pin relative to the housing from the first position to the second position. --.

Claims 16 and 17 have been canceled.

Claim 18 now depends from claim 15.

Claims 25-29 and 31-34 have been canceled.

The following is an examiner's statement of reasons for allowance: none of the prior art of record discloses a housing with a pin moved in a rotary motion relative thereto to secure the pin in a substrate opening.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gary F Paumen whose telephone number is 571-272-2013. The examiner can normally be reached on Monday-Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Paula Bradley can be reached on 571-272-2800, ext. 33. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
